

6 Months

At this age, babies' curiosity makes reading fun!

- Reading helps develop your baby's brain.
- Reading strengthens the parent/child bond.
- At this age your baby will love books that they can touch and feel.
- Babies enjoy looking at pictures with bright colours and faces.

Try It...

- Make a time to share a book with your child every day.
- Play tickle games and make faces as you read.
- Cuddle baby close when reading so story time is special.
- Reply to the sounds your baby makes and talk with them like a friend.
