

Pre Natal & Newborn

The earlier you start, the better the skills they will build..

- Even newborns benefit from reading.
- Reading has a calming effect babies.
- Reading helps develop your baby's brain.
- Reading strengthens the parent-child bond.

Try It...

- Try reading while you are feeding your baby.
- Your baby loves to hear your voice. Use their name and a gentle tone both before and after birth.
- Tell stories and sing to your baby throughout the day.
- Talk to your baby while doing activities like chores, cooking, bathing and describe you are doing.
